

Completely updated and revised for this new edition, our unique electronic book on DVD-ROM has an amazing collection of the finest federal documents and resources about Egypt, providing encyclopedic coverage of all aspects of the country. This disc provides a truly fantastic reference source, with over one hundred thousand pages reproduced in Adobe Acrobat format! Advanced search and indexing features are built into our reproduction, providing a complete full-text index. This enables the user to search all the files on the disk at one time for words or phrases using just one search command. This incredible and comprehensive series on the countries of the world contains material from the State Department, Department of Defense, White House, and cabinet agencies including Agriculture, Energy, and the U.S. Citizenship and Immigration Services. There is complete information about geography, people, government, the economy, communications, transportation, military, and transnational issues. In addition to the nation-specific material, as a bonus we have included a huge collection of reports and documents about every country on the globe, with 271 nations, dependent areas, and other entities identified by the Central Intelligence Agency. We have full reproductions of the CIA Factbook through the latest edition, with archival versions dating back to 2000. The CIA World Factbook is considered an invaluable world encyclopedia reference book. From the Library of Congress, we reproduce an outstanding set of "country studies" covering subjects such as geography, society, economy, transportation and communications, government and politics, and national security. Supplemental material accompanying the Country Profiles includes photographs, tables, charts, graphs, and maps. Representative subheadings for Geography include Physical Environment, Topography, Climate, and Environmental Issues; subheadings for Society sections include Historical Setting, specific Historical periods, Society and its Environment, Geography, Population, Language, Structure of Society, Ethnic Groups, Religion and Culture, Rural Life, Migration, Urban Life, Architecture, The Arts, Education, and Social Dynamics; and subheadings for Economy sections include Growth and Structure, Role of Government, Agriculture, Industry, Infrastructure, and Foreign Economic Relations. From the State Department, we reproduce important regional affairs material, covering Africa, East Asia, Pacific, Europe, Eurasia, Near East, South Asia, and the Western Hemisphere. There is information on country offices, chiefs of mission, diplomats, and foreign embassies in America. This incredible DVD-ROM is packed with over 170,000 pages reproduced using Adobe Acrobat PDF software - allowing direct viewing on Windows and Macintosh systems. The Acrobat cataloging technology adds enormous value and uncommon functionality to this impressive collection of government documents and material. Our news and educational CD-ROM and DVD-ROM discs are privately compiled collections of official public domain U.S. government files and documents - they are not produced by the federal government. They are designed to provide a convenient user-friendly reference work, utilizing the benefits of the Adobe Acrobat format to uniformly present thousands of pages that can be rapidly reviewed, searched by finding specific words, or printed without untold hours of tedious research and downloading. Vast archives of important public domain government information that might otherwise remain inaccessible are available for instant review no matter where you are. This book-on-a-disc format makes a great reference work and educational tool. There is no other reference that is as fast, convenient, comprehensive, thoroughly researched, and portable - everything you need to know, from the federal sources you trust. This DVD-ROM disc is for use in a computer DVD drive. The files can be accessed from the File E
