

Create Your Own Religion is a call to armsâ€”an open invitation to question all the values, beliefs, and worldviews that humanity has so far held as sacred in order to find the answers we need to the very practical problems facing us. Writer, philosopher, and professor of comparative religion, Daniele Bolelli, leads the reader through three thousand years of mythology, misogyny, misinformation, and the flat-out lies about â€œrevealed truthâ€• that continue to muddle our ability to live a peaceful life, free of guilt and shame and the ultimate fear of death. â€œOur worldviews are in desperate need of some housecleaning,â€• says Bolelli. â€œWe enter the 21st century still carrying on our backs the prejudices and ways of thinking of countless past generations. What worked for them may or may not still be of use, so it is our job to make sure to save the tools that can help us and let go of the dead weight.â€•
